THREE−POOL BRACKET RESEEDING TALLY

SIMULATION ONLY − NOT ACTUAL RESULTS | Reproducible example, November 4, 2026

Each pool retains its original overall seed slots. Award those slots by final pool finish.

Rank within each pool by W−L, then the within−pool tiebreaks. An unresolved tie needs a director decision.

Assign the lowest original seed number to the winner, the next to the runner−up, and so on. No cross−pool comparisons.

All 13 earned bracket seeds are confirmed.

Pool	Pool seed	Orig. seed	Team / players	W	L	Finish	Earned seed	Notes / tiebreak
